

It has been observed, as reported to the NHOA Committee, that the frontal face of a property situated within the Normandie Estates Home Owners Association group of homes, has been defaced with cement and paint. This is an illegal action and is subject to correction, to be demanded by the N.H.O.A. Committee.

The municipality has confirmed that the NHOA is legally and fully entitled to deal with any such matter. The matter is now receiving attention by the Committee, who will require immediate remedy.

This cannot be allowed under the mandated Constitution of the Association by any of its members nor under the Official Municipal Approval of the 11 phases of the Normandie Estates, Brackenfell.

Members are to take note that an appropriate fine may be imposed in any such instance, if remedy is not forthcoming, once notice has been served by the Committee.

Yours faithfully,

Sydney Keith Weber

ADVISOR TRUSTEE NHOA.
